

# Loop - Groups

# Loop - Groups

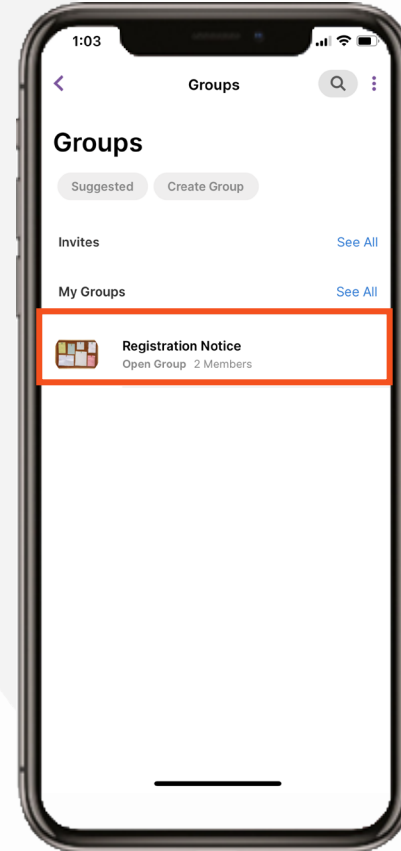

1 Select the **Groups** from the main screen.

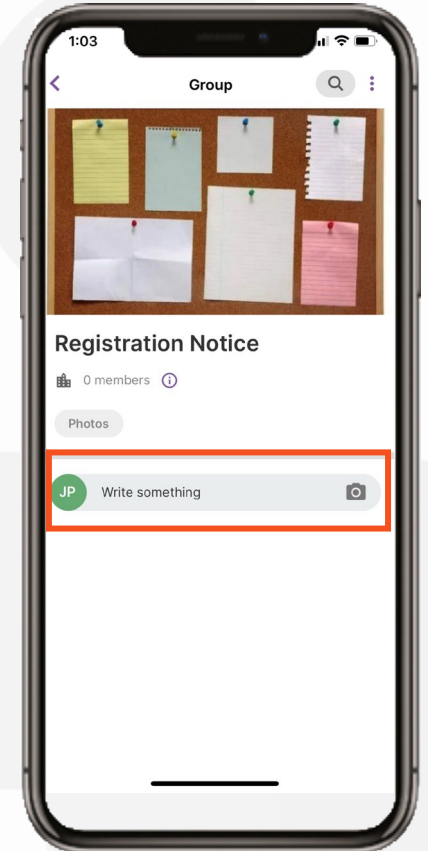

2 Under **Invites** are Groups that you have been invited too. Under **My Groups** are Groups that you already belong to.

3 Click on a **Group** to open it up.

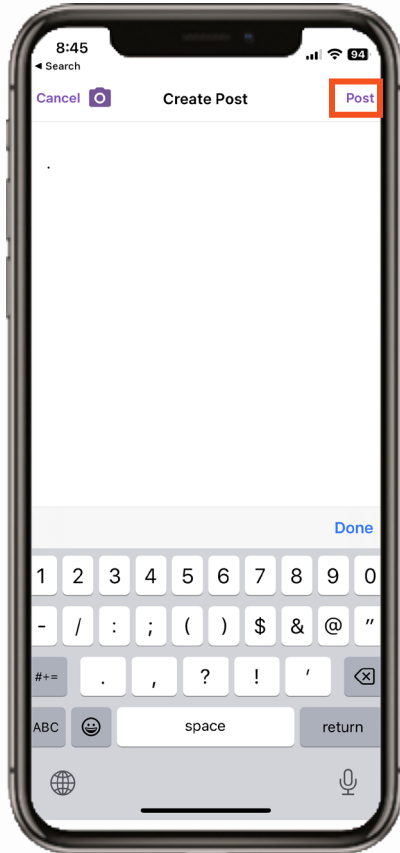

4 Once a **Group** is open, you can write a post and comment. Write a comment by typing in the **Write something** box.

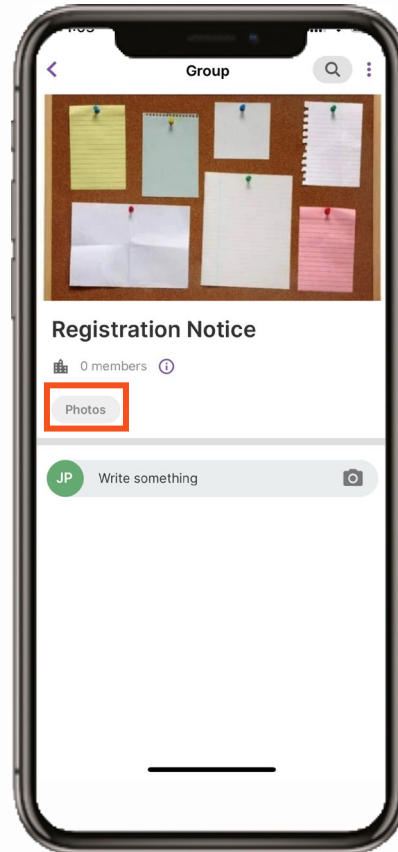

# Loop - Groups

5 Click **Post** in the top right to post your comment. This post will appear on the group page and will send notifications to other members.

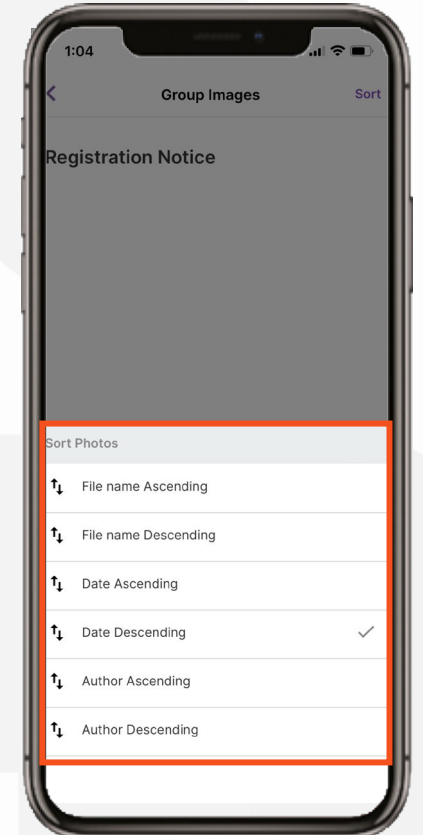

6 When back within your group of choice, click **Photos** to sort photos.

7 Select **Sort** from the top right to view the **Sort Photos** menu.

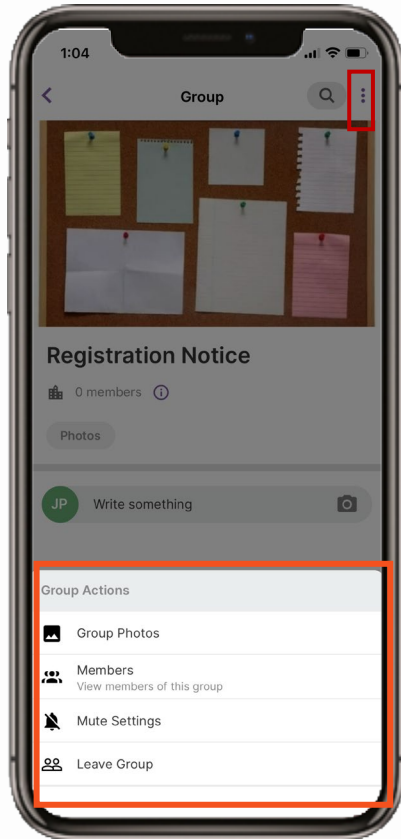

8 Select an option from the **Sort Photos** menu.

# Loop - Groups

**9** For further Group Actions, click the **three dots** in the upper right, and select an option from the bottom menu.

**10** Select the **Mute Settings** option to mute notifications coming from a particular group at a particular time of day.
