

Loop – People

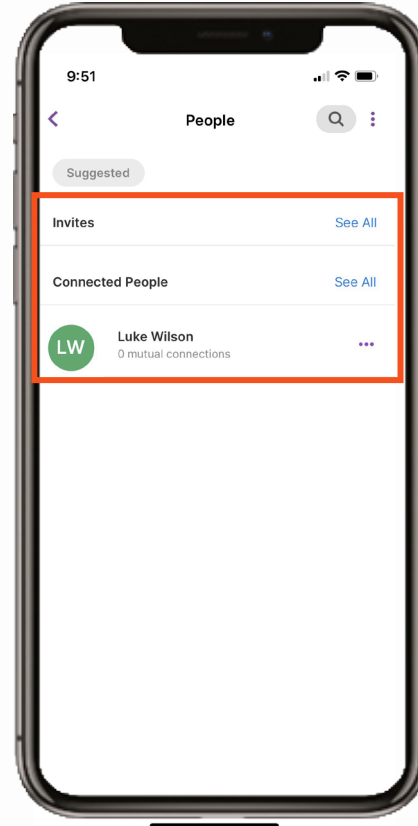

Loop – People

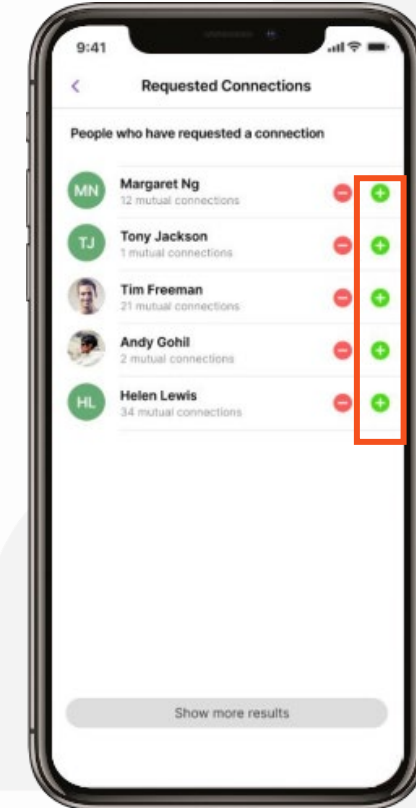

1 From the Loop main screen, select **People**.

2 Under **Invites**, you will see people who have asked you to connect with them. Under **Connected People** you will see people you have already connected with.

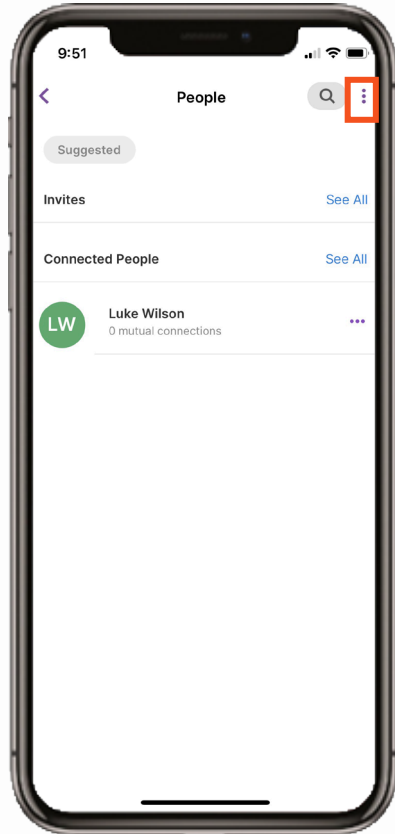

3 After you have clicked in **Invites**, click on the **green plus sign** to connect with that person, or the **red minus sign** to decline the invite.

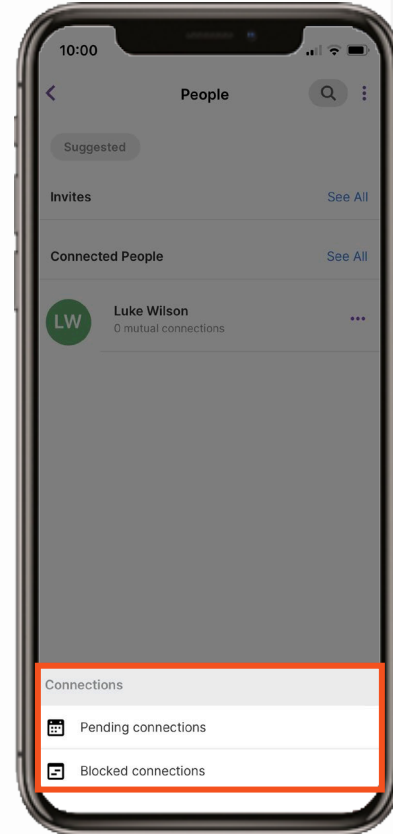

Loop – People

4 To view **Pending** or **Blocked Connections**, click on the **three dots** in the upper right.

5 **Pending connections** and **Blocked connections** will appear in the bottom menu. Click on either to access them.

6 You can remove or block connections by clicking on the **three dots** to the right of your Connections.
